Dear Mayor Mood:

After speaking with the owners of the other Taxi Companies in the Yarmouth area, it has been brought to my attention that your idea of a rate increase is to charge \$1.00 more per passenger. Unfortunately that wouldn't be sufficient for us as most of our calls are for one person only; meaning the rate of \$8.00 would remain the same for those customers which completely defeats the purpose of a rate increase.

We need a base rate increase from \$8.00 to \$10.00 due to the extreme costs for the operation of our vehicles as well as repairs and maintenance.

I sincerely hope this base rate will be approved in the very near future, in order for us to be able to serve the customers who rely on us as their means of transportation.

Yours truly,

Christopher Pothier
Owner of Acadian Cab Limited
