Sending on behalf of Erin Comeau:

Lindsay,

As per our discussion yesterday, a taxi increase rate "per person" is not adequate due to the fact that many of us only take one person at a time. Halifax and Cape Breton are increasing their base rate more than a dollar as per news today. Town of Yarmouth should also do a base rate increase of \$1-2, similar to Halifax. Want to get ahead of tomorrow's vote and have this considered. Hoping for a positive outcome now versus ongoing adjustments to get there, delaying the compensation we need to be profitable.

Sincerely,

Erin Comeau
